Subject: Re: Signs

I was just on a nightly walk with my dog which I do at the same hour every night. There were three male youths coming from Bridge Housing walking towards me and they asked if they could get a cigarette off me. I said no, and as they passed me they started telling me things they wished they could do to me and that I was a bitch for not talking to them, and to keep my head down and keep pretending to talk to my dog. Something similar happened last night as well.

Correct me if I am wrong, but there is nothing in Bridge Housing that stipulated that the 154 residents are not

able to walk around the neighborhood at night. This is a single female's worst nightmare. This is two days in a row where someone has tried to talk to me and I have been called a bitch for not responding to their advances or requests. This is harassment in the eye of the law. You cannot deny that this is a dangerous time to be a female in Venice Beach, living within close proximity to Bridge Housing. There must be more that you can do to ensure the safety of residents. Is there a way to educated our 18-24 year old youth homeless residents that it is not acceptable to harass female neighbors, or any neighbors of both sexes? Is it possilbe to set up a small community police station at Bridge Housing where Police can work 24 hours on site while Bridge Housing is in its 3 year period? 	I've heard this question about timing from a few people, so let me speak to it for everyone's benefit. The decision to wait until March 9 was made after having conversations with the Unified Homeless Response Center (aka UHRC, the Mayor's Office team that coordinates the enhanced services), LAHSA, LAPD Pacific Division, and other Council District Offices that have opened an A Bridge Home. Each have different perspectives on the best timing, and all for good reasons.
	The experience in other Council Districts has been that starting the SECZ the same day as intake can cause a lot of movement and frustration among unhoused people and make it harder for our outreach teams to bring people to site for their intake appointment. We know residents have waited a long time for these enhanced services to start, and we want to honor that as soon as possible, while also ensuring we can effectively and efficiently open the site to our unhoused neighbors. There are requests from the community that we delay it longer, even upwards of 90 days, but we are hopeful these two weeks will let our outreach teams and on site service providers do their work to open the site successfully.
	All the best,
	Allison

	Going another week under these conditions is unfair to the community and our safety and not what we were promised. Though it seems a lot of promises are not being upheld.

Hi Allison,
A a max max
As per my
attached
photo there
is a very
mentally
unstable
man on
MTA
property
who has
been
shouting
and
threatening
passers by.
Can you
send
someone
out to
inform him
that he can
go into
bridge
housing?
This has
been
rampant for
the past
week

There were two occupants last night that were doing drugs and playing music all night, keeping all the residents awake. This was definitely a drug issue and the persons needed serious help. would love

what is the number for the dedicated patrol car/LAPD?

This is why we need planter boxes, k-rails or something that allows the LAPD to remove campers.

ľm pretty certain I can get NBC Streets of Shame and Fox 11 out here tomorrow or Friday. This not going to look good the first week the MTA is

open.

		Hi Travis, They
		should all be installed by today
		or tomorrow, and that includes
		on Main Street. Please note, the
		effective date will be March
		9, and the signs will have
		stickers added with the correct date.

						The timing is so that our outreach teams and service providers are able to effectively manage guest appointments for intake to fill the site before the added services begin.
						Thanks for stopping by the open house on Saturday.
